Why It Stands Out

- **Early maturity**
- **Very good winter survival**
- **Very strong standability**
- **Strong disease package**

Our Experience

AAC Overdrive has consistently delivered good yield on our farm, and we've appreciated how dependable and straightforward it is to grow and harvest. Its strong overall disease package and early maturity have been particular strengths for us.

Considerations

- Slightly lower yield than AAC Coldfront (99%)
- Lower kernel weight (TKW: 31 g)
