

AAC SYNERGY

MALT BARLEY

AAC Synergy is a dependable malt barley combining strong yield potential, large seed size and good resistance to key leaf diseases with excellent market flexibility.

Quick Facts

Availability	Available
Yield	100% (AAC Synergy)
Maturity	0 days (AAC Synergy)
TKW	49 g
Height	81 cm
Lodging	F

Why It Stands Out

- **Strong yield potential**
- **Large seed size**
- **Net blotch tolerance**
- **Excellent market flexibility**

Our Experience

We've experienced strong yields with AAC Synergy on our farm and especially appreciate its consistency, harvestability and excellent market flexibility — without a VUA.

Considerations

- Lodging rating: F
- FHB rating: I
- Surface-borne smuts rating: I
- Loose smut rating: S
- Scald rating: S
