

AAC PENHOLD

CPSR WHEAT

AAC Penhold is a dependable CPSR wheat combining very good standability, strong sprouting tolerance and large seed size with reliable overall performance.

Quick Facts

Availability	Available
Yield	100% (AAC Brandon)
Maturity	0 days (AAC Brandon)
Protein	-0.7% (AAC Brandon))
Height	77 cm
Lodging	VG

Why It Stands Out

- **Very good standability**
- **Large seed size**
- **Very good sprouting tolerance**
- **Bunt resistance**

Our Experience

AAC Penhold has been one of the easiest wheat varieties for us to manage from seeding through harvest, consistently delivering reliable performance year after year.

Considerations

- Lower protein than AAC Brandon (-0.7%)
- Stripe rust rating: I
